

**Closed meeting**

# **Report of Contributions**

Contribution ID: 1

Type: **not specified**

## 2. Top-Level Recommendations

*Friday, 8 September 2023 09:00 (15 minutes)*

Prioritization of IceCube Gen 2 & US participation in CTA

Proposed text about ILC

**Presenter:** MURAYAMA, Hitoshi

Contribution ID: 6

Type: **not specified**

### 3. Scrutinize the Subatomic Realm: Neutrinos

*Friday, 8 September 2023 09:15 (15 minutes)*

The discussion on FD4 needs to be agreed by the panel.

I didn't see need to discuss the Higgs section.

Contribution ID: 8

Type: **not specified**

## 6. Investing in the Future of Science and Technology

*Friday, 8 September 2023 09:45 (45 minutes)*

Points for discussion:

Section 6.4: Collider R&D

decision tree

paragraph on global projects

Section 6.6 Facilities and Infrastructure

site access

Section 6.9: Technology Innovations and Impact on Society

Sustainability

Other Sections do not require discussions?

Contribution ID: 9

Type: **not specified**

## 7. Workforce

*Friday, 8 September 2023 09:30 (15 minutes)*

I don't see need for discussions, actually. This is here just in case.

Contribution ID: **11**

Type: **not specified**

## Budgets and Outlook

*Friday, 8 September 2023 10:30 (30 minutes)*

Section 8: Budgets and Outlook

Christos' comment: Subtractions vs Additions

Section 8.3 Long-Term Vision for the U.S. HEP Program

Any concerns? Connection to EPP2023?

Contribution ID: **14**

Type: **not specified**

## Science Themes and Drivers

*Friday, 8 September 2023 11:30 (1 hour)*

We need to fix the wording for science drivers. The exact wording is crucial for graphics to be developed. We need to make them consistent throughout the report.

Contribution ID: **15**

Type: **not specified**

## Title

*Friday, 8 September 2023 12:30 (30 minutes)*

Karsten and Hitoshi will make an executive decision on the title in the end. But we would like to hear what you think.

Contribution ID: **16**

Type: **not specified**

## Executive Summary

*Friday, 8 September 2023 11:15 (15 minutes)*

Please read! I hope this one is fairly uncontroversial.
