

# Fundamental Physics from Future Spectroscopic Surveys

## Wednesday, 8 May 2024

### Session 10: LSS at High Redshift - Auditorium (10:45 - 12:15)

-Conveners: Uros Seljak

time	[id] title	presenter
10:45	[34] MULTiplexed Survey Telescope (MUST): an overview and current status	Prof. ZHAO, Cheng
11:00	[20] Constraining running with the Lyman alpha forest	FONT RIBERA, Andreu
11:15	[22] Cosmology with the Lyman-a forest	Dr DE BELSUNCE, Roger
11:25	[18] Mapping Distant Universe with Lyman Break Galaxies	Dr YECHE, Christophe
11:40	[26] Constraining Interacting Dark Radiation with Lyman-alpha	BAGHERIAN, Hengameh
11:50	[58] Discussion
