

# Fundamental Physics from Future Spectroscopic Surveys

## Wednesday, 8 May 2024

### Session 11: Dark Sector - Auditorium (13:45 - 15:15)

-Conveners: Risa Wechsler

time	[id] title	presenter
13:45	[37] Unveiling long range dark forces with the Large Scale Structure of the Universe	Prof. CASTORINA, Emanuele
14:15	[13] Forecasts for Galaxy Formation and Dark Matter Constraints from Dwarf Galaxy Surveys	Dr NADLER, Ethan
14:30	[6] Recurrent axion star collapse and their cosmological constraints	Dr XIAO, Huangyu
14:40	[43] Cosmological Signatures of Interacting Dark Sectors	JOSEPH, Melissa
14:50	[2] Patchy dark screening	Dr HUANG, Junwu
15:00	[59] Discussion
