
LBL Forum on Future Colliders

3rd Meeting

Timon Heim
Simon Knapen
Simone Pagan Griso
Jens Osterhoff

May 28th 2024

Agenda

Today

- **IMCC Annual Meeting: general, accelerator** ¶15m
 - **Speaker:** Soren Prestemon
- **IMCC Annual Meeting: physics and detector** ¶15m
 - **Speaker:** Angira Rastogi
- **A few points for discussion from theory to accelerator** ¶10m
 - **Speaker:** Christiane Scherb, Inbar Savory, So Chigusa, Linda Xu

Next meetings

- **Perspective: ATAP Division**
 - **Speaker:** Jens Osterhoff
- **Summary of the US-FCC week (June 10th - 14th in San Francisco)**

Current/upcoming conferences

- **Corfu2024 Workshop on Future Accelerators (May 19th - 26th on Corfu/Greece)**
 - A few LBL people there.
 - Welcome to give impressions (or a short summary in a later meeting if useful!)
- **IPAC'24 (May 19th - 24th in Nashville)**
-
- **European Laboratory Directors Group Meeting and Accelerator R&D Workshop (June 6th - 7th at Brookhaven National Lab)**
- **International FCC week (June 10th - 14th in San Francisco, <https://indico.cern.ch/event/1298458/>)**
 - registration fee waived for postdocs and students
 - some travel fund available for EC who presents posters
 - poster session available
- **US Muon Collider Meeting (Fermilab, August 7th-9th, <https://indico.fnal.gov/event/64493/>)**
 - registration fee waived for postdocs and students
 - some travel fund available for EC who presents posters
 - poster session available

10 TeV pCM wakefield collider workshop

What would be helpful and interesting for a 10 TeV electron/positron/gamma collider workshop to engage the particle physics community?

potentially early next year
very early discussions have started
