
LBL Forum on Future Colliders

Timon Heim
Simon Knapen
Simone Pagan Griso
Jens Osterhoff

July 10th 2024

Current/Upcoming Conferences

- International Workshop on Future Linear Colliders
 - Tokyo (Japan), July 8-11, <https://agenda.linearcollider.org/event/10134/>
- US Muon Collider Meeting
 - Fermilab, August 7th-9th, <https://indico.fnal.gov/event/64493/>)
 - registration fee waived for postdocs and students some travel fund available for EC who presents posters poster session available
- Advanced Accelerator Concepts Workshop (Jul 21 - 26, in Naperville near Fermilab and Argonne. <https://indico.fnal.gov/event/59618/>)
 - This is the most important meeting of the wakefield community and there will be a special parallel track on the 10 TeV wakefield collider design study.

Agenda

Today

15:30 → 15:40 **News**

Speaker: Jens Osterhoff

🕒 10m

15:40 → 16:00 **Perspective of activities from ATAP**

Speaker: Jens Osterhoff

🕒 20m

16:00 → 16:10 **A few points for discussion from theory to accelerator**

Speaker: Simon Knapen

🕒 10m

Next Meetings

- summary of FCC week – volunteers needed
- how to structure more informal discussions and reports
 - would like to start a discussion today if time permits
