

15th International Workshop on Boosted Object Phenomenology, Reconstruction, Measurements, and Searches at Colliders

Monday, 31 July 2023

Energy Correlators - Auditorium (15:20 - 17:20)

-Conveners: Fernando Torales Acosta; Barbara Jacak

time	[id] title	presenter
15:20	[106] Energy Correlators, Heavy Flavor, and Precision QCD	CRAFT, Evan
15:40	[125] Measurements of energy correlators in jets and alphas extraction at CMS	LU, Chenfeng
16:00	[96] Imaging Intrinsic and Emergent Scales of the QGP with Energy Correlators	MOULT, Ian
16:20	[97] Jet observables in anisotropic QCD matter	BARATA, Joao
16:40	[80] Imaging Cold Nuclear Matter with Energy Correlators at the future EIC	DEVEREAUX, Kyle
17:00	[100] Hadro-production of massive b-jets and associated dead-cone effects at the LHC	FEDKEVYCH, Oleh
