

15th International Workshop on Boosted Object Phenomenology, Reconstruction, Measurements, and Searches at Colliders

Wednesday, 2 August 2023

New Observables - Auditorium (09:00 - 10:40)

-Conveners: Javier Duarte; Andrew Larkoski

time	[id] title	presenter
09:00	[82] Resolving Extreme Jet Substructure	Dr FENTON, Michael
09:20	[95] Moment Pooling: Gaining Performance and Interpretability Through Physics Inspired Product Structures	Mr GAMBHIR, Rikab
09:40	[109] A Field Guide for Event Isotropy	CESAROTTI, Cari
10:00	[116] Perturbatively Regularized Neural Networks	GARCIA CAFFARO, Arianna
10:20	[99] Novel approach to measure quark/gluon jets at the LHC	SIÓDMOK, Andrzej SEYMOUR, Michael H. BARON, Petr
